

Begin your indoor gardening journey today

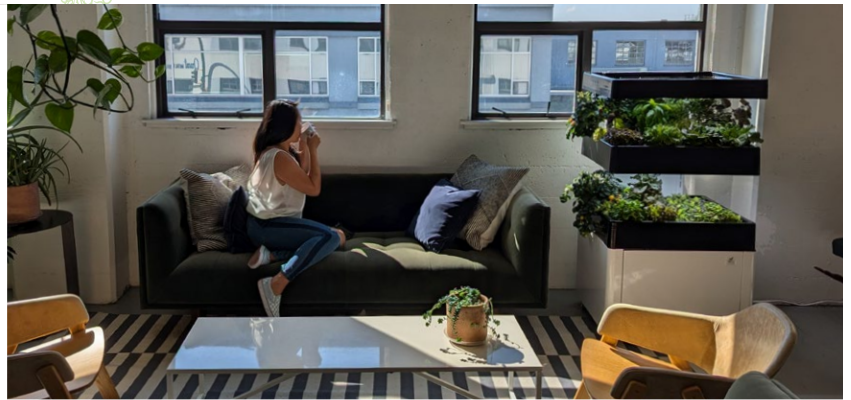

Discover the benefits of indoor hydroponic gardening with the **Les Verts Terrace™**:

- ✔ Get expert results, even for beginners
- ✔ Embrace healthier living
- ✔ Be part of a more local and sustainable food future

The **Les Verts Terrace™** Indoor Garden is more than just a growing system. It's a way for us to reconnect – with our food, with those around us, with our roots.

Our indoor gardens are designed by **dedicated Canadian innovators** to make it easy for anyone anywhere to grow the freshest and highest quality produce for their family, friends and local communities – all year round.

The Les Verts Difference

Grow like a Pro with ease

- ✓ Professional LED lights, nutrient blends and growing techniques result in better tasting, more nutritious produce.
- ✓ Anyone – even beginners – can grow successfully with just 10 minutes a week of effort.

Taste the difference

- ✓ Grow unique, gourmet varieties that you can't buy from a store.
- ✓ Enjoy spray-free produce that stays fresh until you eat it, reducing the amount of food you waste.

Grow what you want, how you want

- ✓ Open layout grow shelves give you the ultimate flexibility in what you can grow.
- ✓ Choose from our curated seeds or use your own. No subscriptions or expensive seed pods required.

Extend your outdoor growing season, too!

- ✓ Easily start all your outdoor plants inside with your **Les Verts Terrace™**.
- ✓ Experience the pride that comes from growing all your own plants from seed.
